Gazi University Faculty of Dentistry
International Virtual Symposium

Contemporary Approaches in Dental Clinical Practice

29-30 April, 2021

Dear respected colleagues,

It is a great honour for us to welcome you in the International Virtual Symposium of Faculty of Dentistry, Gazi University, which has a special theme "Contemporary Approaches in Clinical Dental Practice". This event is organized by Faculty of Dentistry in terms of celebrating 95th anniversary of Gazi University, and will be held virtually on April 29-30, 2021 from 10:00-17:30 PM (Istanbul time). Your participation to our organization will make it more memorable and special.

In the symposium, we are hosting 13 international and national researchers and clinicians from 7 different countries, as keynote speakers with outstanding topics. The most common challenges that the dentists are facing during clinical interventions, the most recent advances in all fields of dentistry, and new technologies will be addressed and discussed through a scientific platform.

This time we could not facilitate any social events such as gala dinner or touristic sightseeing due to COVID-19 pandemic disease. However, we hope our next meeting will be carried out face-to-face in a safe and healthy environment.

We are looking forward to your participation in this prestigious organization.
